It was a big year for Oregon-breds. Leading the way were such great standouts as Praise Jay and Hot Offering. Praise Jay was named "Horse of the Year" after winning \$144,600, and Hot Offering was tabbed the leading money-winning Juvenile with \$20,095 in earnings during 1969.

No Longer Laughed At . . .

If you are numbered among the people associated with the Oregon Thoroughbred industry stand up and take a bow.

Several years ago our industry was given the fast shuffle by the legislature, resented by business and ridiculed by the general public. But that's not the case today.

Oregon's equine interest is running at an all-time high. And to the officials of the Oregon Thoroughbred Breeders Association and the membership goes a slap on the back for a job well done.

Let's look at the results and be proud of the growth we have attained in recent years:

Since 1962, when purse monies paid to Oregon-breds totaled \$309,421, the home-breds have jumped to a 1969 total of \$1,159,537 in purse money. This amounts to nearly four-fold in seven short years.

And what about the numbers involved in the industry over this same period of time? Did you know that the number of active Thoroughbred breeders has jumped from 140 to 263, or nearly double the 1962 total? And the number of Oregon-bred starters has more than doubled in the same span, from 306 in 1962 to 617 in 1969.

The number of sires with winners has increased from 59 to 121, and the number of dams with starters is also up from 198 to 450. Any way you look at it, this is a healthy sign for an industry that was taken with a grain of salt and often times laughed at.

But that's not the case today. Especially if you want to discuss the revenue generated for the State of Oregon's general fund the benefit of the 36 county fairs and other special beneficiaries named in the racing act.

In 1962 the State of Oregon received \$550,992 from Thoroughbred racing. Last year this total hit the \$1 million mark for the first time, \$1,072,615.

Where do we go from here?

That's a good question. Without a doubt the answer is up, but how far depends upon ourselves.

We can tread water and take the natural growth. Or, we can take the initiative and promote our industry to even greater strides.

In recent years QUALITY has been pushed to the fore front. Numbers of Thoroughbreds was the answer. But no longer.

Breeders must continue to up-grade their present stock, strive to bring top bloodlines into Oregon and produce a quality line of Oregon-bred Thoroughbreds. This is the only way to go.

The Oregon Racing Commission, track operators or the Legislature can not do this for us. The job is ours.

Great interest has been shown in the new Oregon Racing Act, which was finally overhauled in the last session of the Legislature. It provided a great many assets for our industry.

But these assets will not materialize unless we, the breeders, accept the challenge to pledge QUALITY AND QUANTITY. One will not make it without the other.

Congratulations you Oregon Thoroughbred Breeders, your growth in recent years has been fantastic. The road to the future is yours to build.

Review of Oregon Racing

By RUSS BROWN

It's been a long wait. For nearly 30 years no Oregon-bred has been able to begin to approach the exploits of the state's all-time great, Mioland. Winner of 10 stakes races and a record \$244,270, Mioland has resided for the past quarter century on Mount Olympus, isolated from all earthly beings. He continues to reign as the leading money-winner but there is a pretender to the crown, a Thoroughbred whose efforts during the past 12 months have caused racing minds to begin thinking about a new champion.

He is Praise Jay. The five-year-old son of Jaybil-Appraise, by Free France has astounded fans on the Pacific Coast with a display of strength and speed that has not been equalled by a representative of the Beaver State in a long time. The ironic aspect of his record is that he has never won on an Oregon track and only raced once on home ground. That one effort resulted in defeat but not disgrace. It has been in California and Washington where Praise Jay has done so well.

Through his four-year-old year, Praise Jay had started only 20 times, winning four and earning \$34,500. This placed him 16th on the list of all-time money-winners. One year later, he had doubled his starts and wins and shot up to second spot, far and away ahead of Doctor Spark whom he displaced. Praise Jay has now become the second Oregon-bred in history to accumulate more than \$100,000 and he is pursuing his second hundred-grand with verve.

Praise Jay began to show his special talents in the latter part of 1968 when, as the third choice, he romped home by almost two lengths to capture the \$25,000 Bay Meadows Handicap at the San Francisco course. The victory carried more prestige than money not to be scoffed at. In winning, Praise Jay repelled the likes of Kings Favor, Travel Orb and Steel Blade not to mention nine other stout opponents.

In December, he was sent to Santa Anita where he had a date with desti-

ny. At first, he ran fourth to Rising Market in the Palos Verdes 'Cap and fifth to the same horse in the San Carlos Handicap. A month later, he was third in an overnight affair at 6½ panels and fifth at 1 1/16 miles with only four days separating. There seemed to be nothing to indicate what lay ahead one week after.

On Washington's Birthday, the San Antonio Stakes held its 31st renewal. It is a \$75,000-added contest which attracts Santa Anita Handicap hopefuls and this event was filled with class. There was Racing Room and Deck Hand held at even money, plus Biggs, King's Favor, Rising Market, Glory Hallelujah; ten names in all and the longest price on the board was Praise Jay at 41-1. Oh yes, the track turned up muddy.

Having shown some early speed the week prior, the stage was set for a runaway by the son of Jaybil. Taking an early lead, Praise Jay broke the wind and did not require urging from

his rider, Miguel Yanez. No one took the move seriously. Besides, he was a rank outsider and he would fold up in the stretch, or so the other riders must have thought.

Instead of shortening stride around the final bend, Praise Jay seemed stronger and drew off while Racing Room vainly tried to close the gap. It was no use. From two to three and then three and one-half lengths, Praise Jay dominated completely. There were the usual ceremonies in the winner's enclosure but not so to owner John Hudspeth and trainer Bill Holmes.

Just as suddenly as he rose to prominence at the Arcadia track, Praise Jay disappeared from the board in subsequent races. At Hollywood Park and Golden Gate there seemed little improvement and he was brought back home. In the waning days of May, the Oregon Breeders Championship came up and so did Praise Jay. His record preceded him and his weight ascended accordingly. The greatest burden he had ever been asked to carry was hoisted upon his withers. The 130 pounds he carried was too much and he was fourth.

Then at Longacres, the goddess of victory looked down in favor and he became indomitable. With weight packages ranging from 122 to 127

pounds, Praise Jay plucked off the Governor's Handicap, Longacres Mile and the Seattle Handicap. He and jockey Jack Leonard were the team extraordinary. They carried the fight to Sacramento State Fair and the Governor's Handicap at that course fell to them and it became their fifth straight victory.

The bonus in owning Praise Jay is that he is a whole horse which means a great deal when the five-year-old's racing days are behind him. It would appear, however, his racing career has no end. He has proven to be a durable campaigner and there are many more worlds left to conquer. He gained the distinction of being named Oregon Horse of the Year though it would seem more appropriate if he had been selected Horse of the Decade in Oregon.

At any other time, Hot Offering, a fleet filly belonging to Penant Farms, Ltd., could have been chosen best of the homebred set had it not been for Praise Jay. Winner of five of her six starts, Hot Offering crushed her foes with reckless abandon, tasting defeat once on a strip decidedly not in her favor.

Her debut came on April 16 and trainer N.E. Norton had the Philately-Platformate miss so well tuned she won with consummate ease or, to put it another way, by nine lengths. Dick

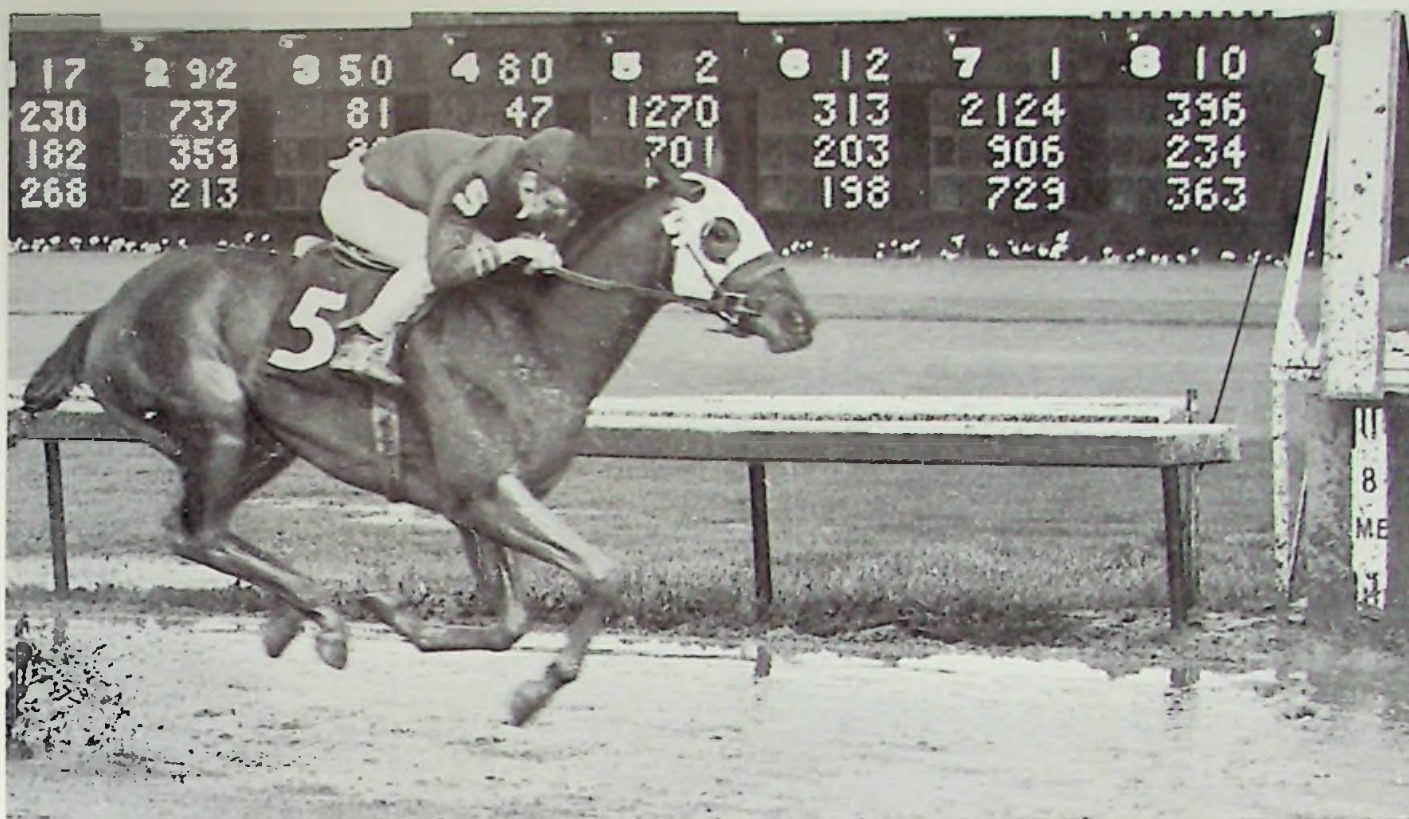

Wright was in the irons and he had to marvel at the way she picked up her toes, speeding the five furlongs in :59 2/5.

The same day Me Brave was capturing the Portland Meadows Mile, Hot Offering was in a supporting event at five furlongs and the result was the same as the one before except the margin was somewhat smaller but the time was faster — :59.

For her third effort, Hot Offering traversed the same distance and bettered her previous time with a :58 4/5 which was only one fifth of a second off the track mark set 17 years ago by Efforts Boy who was six years old when he set it.

The stage was set for the Janet Wineberg Memorial, a juvenile fillies — only event which had been won in previous years by Judy B. and Antitrust and Doll Dena who took divisions in 1968. Bet down to 2-5, Hot Offering broke in a tangle and was far back of the leaders as they raced head-long into the turn. Miss Saltville, given the best chance of upsetting, had a narrow lead and continued to widen. Hot Offering picked her way through horses and set sail for the winner but Miss Saltville had too great a lead to overcome and the Philately filly sustained her first loss.

The Oregon Futurity, which would have grossed approximately \$30,000 if

Webone Skips Over Mud for First Division Futurity Triumph

It had not been split, was only half as rewarding. Despite the loss in the Wineberg, Hot Offering was driven down to 1-5 and she ran good like everyone knew she would and won eased up. Her victory came in the second half of the popular stakes. She ran the 5½ furlongs in 1:09 3/5 over the sloppy oval and earned her largest check to date: \$9,501. The Oregon Futurity closed out her two-year-old season and it showed five victories in six starts and earnings of \$20,095.

The co-holder of the 1969 Oregon Futurity honors, Webone, did not seem to achieve stellar attention though he was quite successful both at Portland and elsewhere. He met Hot Offering once and was second but he was clearly one of the better Oregon-bred colts of the past year. He won the first division of the Oregon Futurity by eliminating Hot Offering's stablemate, Russell B. and seven other promising youngsters among which was numbered Northern Thong. Webone won his race by skimming over the wet surface in 1:09 4/5 and the victory brought both money and glory to owner-breeder William Kosterman and to the sire, Pajone.

After the Futurity, Webone was sent to Exhibition Park where, in two outings, he managed to garner placings in both the New Westminster and Youthful Handicaps. He became the

third greatest wage earner among the younger set with \$13,221. His record shows four victories in seven starts and he was never worse than third.

Northern Thong, one of the fine runners from the crop of Mr. Thong whose speed and tenacity were not unknown, was the giant killer among the homebreds. A rather unique aspect of his 1969 campaign was that he did not run two consecutive races at any given race course.

Winning his first start in early June in Vancouver, B.C., Northern Thong journeyed south to his homeland for the Oregon Futurity and was unable to handle either the sloppy condition of the track or the eventual winner, Webone. But after that lone loss, nothing, but nothing, would be able to run past him.

His next engagement came in the New Westminster Handicap where he turned the tables on Webone, winning "in the van." The distance was six furlongs and he handled it as though he had been running that far so early in the season all along. Longacres was the next stop on the itinerant Thoroughbred and he came face to face with the Elttaes Farm flesh, Bouncing Kim, a Washington-bred who would eventually go on and win many riches in Evergreen country.

Bouncing Kim was the hot favorite

but after they had gone three-sixteenths, Northern Thong blew right by his foe and on to a smashing victory in a time of :57 1/5 for five panels which must rank as the fastest time for a two-year-old in the history of the Puget Sound course. When the race was over, Bouncing Kim's connections were singularly disconsolate and they were happy to learn Northern Thong was not eligible to the Washington Futurity.

Back up in the land of maple leaves, Northern Thong drew his next breath and victory in the Youthful Handicap defeating Destiny's Favour who would go on and win the British Columbia Futurity. Then, at Longacres for the Drumheller Memorial, it was Northern Thong first and the rest nowhere.

He won nearly \$15,000 but more importantly he defeated winners of the British Columbia, Washington and Oregon Futurities. His only regret was he did not meet Hot Offering.

The three-year-old division had its performers but there were not standouts as there was in the juvenile section. The Oregon Derby was cut up because of the large number of entries and so, stablemates Rosy Thong, who belongs to Mr. and Mrs. W. Hoffman, and Ruler's Whirl, property of Mr. and Mrs. E. Faist, were placed into separate sections. Both were trained by E.C. Sturgis.

As it worked out, they took down both halves of the Oregon Derby which resulted in each receiving \$7,670 for their efforts. Rosy Thong traveled the 1 1/8-mile distance in 1:50 4/5 while Ruler's Whirl made it around in 1:51 1/5. They achieved a measure of immortality among Oregon-bred runners and their names were inscribed on the roll which also carried Judy B., Foreign Royalty, Doctor Spark and Sweep Wind, to name a few.

The next derby in which they competed was the Longacres version which had a value of \$17,775 and it was split too though in this instance they found Ballistic Missile and Deep Heat "mucho hosso." The Spokane Derby had the duo and they picked up some change but not the winner's portion yet each managed to close out his career with more than \$15,000.

Rosy Thong became the second stakes winner from Mr. Thong this year and Ruler's Whirl joined the long list of added-money winners belonging to the venerable sire, Strong Ruler.

Ruler's Whirl found the winner's circle again in October at Playfair in the 24th running of the Playfair Mile. As co-favorite with another Oregon-bred, Honda Dream, Mr. and Mrs. Elwood Faist's handsome bay gelding forced the pace of Mustard Jr. for

three-quarters and when given his head, he vaulted into a quick lead.

Honda Dream, at this point, moved up boldly and looked like he would pass Ruler's Whirl but the latter held on doggedly and won by a nose in the quick time for the one-mile distance. Jockey Frank Inda gave Ruler's Whirl a heady ride, typical of his style which carried him to the riding title at the Spokane track.

Then, too, there was another derby horse in Honda Dream, a son of Any-oldtime and out of Cousin Dream. Lightly raced through the Portland meeting because of infirmities, Honda Dream was thought, by his trainer, to be the best sophomore in the large public stable of N.E. Norton. At the beginning of the Longacres meeting, Norton was solicited for his opinion on the best sophomore in his care especially since the best sophomore he had in 1968 Judy B. had gone awry and had been retired. Without hesitation, he responded with Honda Dream.

Using hands of magic, Norton brought Ifida Farm's colt up to a smashing performance in the first division of the Longacres Derby. With Tall Ben in the field to help out, Honda Dream was the third choice in the wagering behind favored Love Your Host and Pitch Out. Then there was Good Hunting who had been ev-

erybody's favorite as a two-year-old and whom fans were waiting to catch fire.

Pitch Out had five lengths on his field in the derby as they swung into the stretch. Good Hunting, who was running second, let Honda Dream slip by and within the next eighth of a mile, the margin was down to a half-length. Jockey Eldon Hall was whipping Honda Dream and Pitch Out was being flogged by Paul Frey to maintain his rapidly diminishing advantage. The six-pound pull in the weights was just enough for Honda Dream to stick his nose in front. The time was a respectable 1:50 for 1 1/8 miles.

J.T. Smith's gutty mare, Ragette, led the older distaffers in 1969 with winnings of over \$11,000 which moved her up sharply on the all-time money-winning list to within the top twenty. One of the finer handicap mares in recent history, Ragette became the first double winner of the Sweetheart Stakes, the relatively new stakes for Oregon-bred fillies and mares. She first scored in the event in 1967 when she took the measure of Win All and Juniper Lady and then was handed a loss by the redoubtable Judy B. in 1968.

Racing secretary and handicapper Ralph Snowden lifted high impost of

122 pounds on the mare, the same she carried in 1967, and the fans placed most of their faith in her and she was 9-10 on the board. Jockey Inda kept the daughter of Royal Rage—Maltese Betty on the outside of Miss Hemp String while the latter carved out the early pace in the one-mile test.

At the top of the lane, he asked Ragette for something extra and she came around the filly and opened up. Rosy Thong moved up rapidly but could not overhaul Ragette and the latter was six on top at the wire.

Outstanding horses have won previous renewals of the Oregon Breeders Championship and Rockey's Crest added his name to the list. And he did it with flair. In addition to handing defeat to Praise Jay, Rockey's Crest "bombed" his foes by rocketing around the 1 1/16 miles in record-equalling time of 1:43 1/5 which would have been a new mark had not Me Brave broken the old one three weeks earlier. Nonetheless Rockey's Crest, who is owned by the Circle H-O Ranch, established the fastest time for the race.

Miss Saltville, the only one to spoil the near-perfect record of Hot Offering, seems ideally suited to all types of racing conditions. Tough some will grant that Hot Offering had trouble in

the Janet Wineberg Memorial, the manner in which Miss Saltville handled the muddy going suggests her foe would still have had great difficulty overhauling the daughter of Saltville regardless.

Running as though the track was firm, Miss Saltville, once in command, pulled away to a three then four, finally five-length lead to win with something in reserve. Miss Saltville, who came north for the Janet Wineberg, returned to Golden Gate for the St. Francis Stakes, a \$10,000 affair for juvenile fillies. Though completely overlooked in the wagering at 63-1, she managed to capture third money

and was only a half-length away from second.

Other prominent stakes winners of the past dozen months include a pair of juvenile home bred owners by C.E. Gregg: Hydra and Lord Kudu. They took both ends of the Os West Memorial at Salem Park. Hydra had the more difficult time winning out over Moon Pet and Sergeant Valor as his nose appeared in front after five and one-half furlongs. Mark Jennings was in the irons.

Jennings also brought Lord Kudu home by a half over Foster Homestead giving both he, owner Gregg and trainer A.J. Branenburg a clean sweep in the state fair attraction. Lord Kudu ran the 5 1/2 furlongs somewhat faster than his stablemate—1:06 3/5 as compared to 1:07 4/5.

Darrel Braden's Hal Bushel proved the best of the sophomore division at Salem with a driving victory in the McFadden Memorial. Carrying 120 pounds, the gelded son of Hal Peck took command after six furlongs and pulled out to a 1 1/2-length triumph over Wahninnie and War Bridle in the one-mile event. He was clocked in 1:38 4/5, just one tick over the standard set by Diana's Pride six years before.

Oregon Breeders Story

It might be said that the dominance of Praise Jay in the year 1969, caused those connected with him to emerge at the top of whatever divisions or categories they were in. Praise Jay's sire was the leader, his owner topped all others, his dam reigned over all broodmares and his breeder is at the zenith.

John Hudspeth has had many laurels bestowed upon himself and his fine runner and the one as leading breeder for 1969 must be especially welcome. Last year he was ranked second behind Clarence Bernards and it was Praise Jay who did it for him then. Hudspeth had 7 winners from 9 runners and they accumulated \$177,640 and that may be a record among Oregon breeders in a 12-month span.

M.C. Shelley, who seems to breed more runners than anyone else, usually has more winners and more victories. It was true in 1968 and again in 1969. During 1969, Shelley-breds numbered 29 and of that group, 19 triumphed in 31 races and registered \$41,105.

Elwood Faist picked up third money largely through the efforts of Ruler's Whirl who made the rounds to the cashier on several occasions. He won \$19,892 or more than half of the \$35,858 earned by other runners bred by Faist. The latter had the third

highest number of winners and fourth highest total of victories.

John Daly came next at \$33,570 and nine winners of 25 races. The latter two figures put him second highest in the "winners" and "races won" categories.

Clarence Bernards, who "missed" the presence of Judy B. in 1969 still managed a fifth-place finish with fine performances from Salty Award, Strong Award and Russell B. They collected \$33,414, along with four stablemates. Bernards had five winners of 11 races.

Willard J. Conley, won more money in 1969 than 1968 but slipped a notch or two winding up in sixth place with \$29,196. Stakes-winning Du Call plucked off \$16,172 as he and his brethren won 14 races.

Claude Hudspeth, William Wineberg, J.T. Smith and Mrs. A. Findlay were ranked seventh through tenth respectively. Hudspeth earned \$26,854, most of which came from Rocky's Crest; William Wineberg had \$24,668 with his Honda Dream making the greatest contribution; J.T. Smith had \$24,248 and it was Ragette doing Yeoman duty; and Mrs. A. Findlay whose only runner, Hot Offering, gave her \$20,095.

Since records have been compiled on Oregon breeders beginning in 1962, during the past eight seasons there has been an increase in number of breeders from 140 to 263. This is an increase of 88%.

Following are the records of each individual breeder for 1969. Each starter appears under its breeder with complete money line for the year.

SLAMRULER is by the immortal *Nasrullah out of Lydia by Grand Slam. Lydia is a half-sister to War Admiral, one of the greatest of all American-bred race horses. 86% of Slam ruler's 22 starters have won or placed including the stakes winner, Kissin' George, one of the fastest horses in training today. BIBLIO is a 100% producer by the great Irish-bred *Sullivan, a sire of countless stakes winners and of many dams of stakes winners.

Oregon Broodmare Review

Where will it end? How much greater, how much faster will the Oregon breeding industry progress? If anyone thought the past two or three years were startling, then the only adjective suitable to describe the progress in 1969 would be "enormous."

The magic million dollar earnings by Oregon-breds which has been anticipated by many since the facts and figures were first kept eight years ago has finally arrived - and it wasn't even a narrow squeak. Oregon-breds amassed a grand total of \$1,159,537 during 1969!

All along the line statistics were higher in every category, every division. More breeders, more starters, more winners, more races won, more sires, more broodmares. All the leading money-winners showed substantial hikes over the previous year. Purses distributed at all Oregon tracks were higher than ever before and even the State of Oregon reaped more from horse racing (\$1,072,615).

Oregon-breds had won \$822,227 in 1968 thus showing an increase of 41% in 1969. Looking back to 1962, only \$309,421 had been won and when that is compared to 1969 it is a whopping increase of 275%.

On another page the key statistics on Oregon breeding appear and it is the one page that should be read and appreciated by all.

Number of starters was up from 525 to 617; average earnings grew from \$1,566 to \$1,879; winners moved ahead 271 to 315 and races won increased from 503 to 648. There were 41 more breeders represented, 12 more sires had a winner and 75 more broodmares than the year before.

How is all this happening? One factor to be considered is that higher quality Oregon-breds are being bred.

They are producing better bloodlines, they are getting better care (both pre-natal and post-natal) and they are reflecting the higher standards of horsemanship and training than before.

The introduction into the state of new stallions and broodmares offer higher quality (and value) to the breeding and racing industries. This is being substantiated in the performances on the track. Oregon-breds are running against and beating better stock from other states.

One source of proof is the list of winners of over \$2,000. In 1968, 132 runners made the list but in 1969 there were 152. The number of horses which won \$5,000 or more was up from 31 to 45. Of course, the parade was led by none other than Praise Jay who has become the second all-time leading money-winner in Oregon.

Once again complete production records of those Oregon broodmares which show earnings of \$2,000 or more are given. At the top end of the 290 broodmares which appear are the "cream". They are the goal which others should look towards. The others, especially those which have a number of runners and have not indicated anything beyond mediocrity should be considered for dismissal from the nursery.

The statistics contained in this edition of Oregon Review probably should be viewed with an eye toward what can be achieved the next year or next five years. Complacency, over-satisfaction can only bring about a reverse in the trend of the breeding in Oregon.

Now that the first \$1,000,000 year is here, Oregon breeders should begin asking themselves, "How soon can we bring about the second million?"

5 GREAT HORSE BOOKS

FOR THE PROGRESSIVE HORSEMAN

- An unprecedented home library building opportunity. Every Horseman should have them on his shelf.
- These Handbooks contain selected lectures from the Stud Managers' School sponsored by Agriservices Foundation, the nonprofit Foundation serving agriculture. The School is held each January, in Phoenix, Arizona, in cooperation with Arizona State University. It attracts enrollees from throughout the United States, Canada, Mexico and countries around the world.
- Each Handbook is different; all are up-to-date, authoritative and informative. Handsome hard-backs, 8 1/2"x11" size.
- ALL LIMITED EDITIONS: WHILE THEY LAST. Each chapter by an eminent authority; all edited by Dr. M. E. Ensminger.
- There are sections on Feeding; Breeding; Horse Health and Disease; Training; Management; Farrier Science; Horsemanship; Selecting and Judging; and Buildings and Equipment. Although some of these sections appear in each Handbook, they are written by several authors from different areas of the country, and, therefore, present a panorama on "how to do it." This makes these books invaluable.
- Books cannot be returned.

IT'S LIKE BEING ON CLOUD "9" IN A GOOKSTETTER VAN

No, we don't drive clouds, but horses who travel with us feel like they're on it! Specially designed vans to absorb shock allows horses to ship better and arrive in better condition. While it is true we have the best equipment this side of "Cloud 9" there is no substitute for top men who handle the rigs and horses en route! We are proud of our experienced help, who in addition to being good drivers, are first and foremost top horsemen! . . . The best compliment paid us is the number of repeat and satisfied customers . . .

Oregon Sires In Review

In one of the strongest showings in Oregon history, Jaybil topped the sires in the Beaver State by a wide margin over 120 other sires represented by a winner in 1969.

With only four starters and three winners, Jaybil amassed the sum of \$157,900 which is more than \$90,000 more than his closest rival. It was through the efforts of Praise Jay, who won \$144,600, that Jaybil was so successful.

After a fifth place finish in 1968, Jaybil scrambled to the top in 1969 as far as total monies were concerned. He also dominated the "averages" list with grandiose \$39,490 average earnings per starter.

*Pirnie, leading sire in 1967, slipped to fourth in 1968 but bounded back up to second place in 1969 with \$66,152. His earnings figure is the highest in the past ten years (not counting Jaybil) and had it not been for Praise Jay's great success, *Pirnie would now be resting on top. When *Pirnie won the title in 1967, his progeny had earned \$40,146 and last year he had \$32,040.

In 1969, *Pirnie had the greatest number of starters (28) and accounted for the most races won (48) and was second in total number of winners with 16. His principal money winner was Burns Express who earned \$9,848.

Making his debut on the top ten list is Mr. Thong, a stakes winning son of Roman Sandal. Mr. Thong was represented by 14 runners of which 10 were winners and they captured 28 races, third highest. Mr. Thong was the leading sire of juvenile winners with six and his progeny had an average earnings figure of \$3,466, a significant performance. Mr. Thong shows earnings of \$48,521 which places him third on the list.

Fourth place went to *Bright Costume, last year's third-place finisher. In 1969, *Bright Costume rang up \$47,694 with more than a third of it being earned by Du Call (\$16,172). The latter was one of 13 starters for the sire. They were ten winners and they took 27 races, fourth highest of the year. *Bright Costume's representatives averaged \$3,669.

Royal Rage moved downward from second place to fifth place last year though his runners earned much more. In 1969, Royal Rage had 24 starters, 17 winners of 31 races and earnings of \$45,940. In 1968, they earned \$36,783. Ragette, winner of two of the last three runnings of the Sweetheart Stakes, was the big money-grabber with \$11,482.

Alliheim held stoutly to sixth place which makes it three years in a row he has finished in that position. With each succeeding year, his runners have earned more for him but he continues to stay in sixth spot. He had eight winners from 11 starters. They

won 19 races and \$38,066.

Last year's champion sire was Last Round who has since dropped to seventh place and may be fading for all time although this has been predicted for the son of Chance Shot since his demise and his runners seem to get stronger as they get older.

He had been the leading sire in Oregon for five years out of the last eight. His progeny earned \$31,445 for him in 1969 and Mr. Most had the lion's share with \$9,953.

Eighth place goes to Hal Peck who was seventh the year before and third before that. Hal Bushel won \$8,141 of the total of \$30,137 the other 21 starters contributed. Hal Peck ties for third place for the most winners with 11.

Smooth, who had one of the largest contingents racing in Oregon, garnered ninth place as his 23 starters won 18 races and \$28,401. Cracken picked up more than \$5,000 as his biggest money winner. This is also Smooth's first appearance on the top ten list.

Also making his bow is Philately, the eight-year-old son of *Princequillo. With a very small crop of two starters, Philately posted a mark of \$27,129 and it was the sensational two-year-old filly, Hot Offering (\$20,095) that helped him make the honored scroll.

the sense of belonging....

Over 500,000 horsemen are represented by the American Horse Council, the only national organization that promotes the broad-based interests of the entire 12-billion-dollar horse industry.

Council membership means more much-needed equine research, more economic studies of the industry, and legislative and administrative representation. Council membership is vital if the horse industry is to continue to grow and prosper.

Why not become a part of this united effort? Remember that membership in the American Horse Council doesn't cost . . . it pays!
